Letter of Continuing Guaranty: EGGS SO CLEAN EGG WASHING COMPOUND

Spartan Chemical Company, Inc., as the manufacturer of Eggs So Clean Egg Washing Compound, guarantees that this product is safe and effective for use in food processing plants, including USDA inspected facilities, as a "Clean In Place" (CIP) or "Clean Out of Place" (COP) cleaner when used as directed on the product labeling and as directed below in this letter.

Although Eggs So Clean Egg Washing Compound is promoted primarily as a shell egg washing compound, its label also includes directions for use as a CIP/COP cleaner. When used as directed as a CIP/COP cleaner, this product will remove grease, animal and poultry fat, vegetable oils and other soils from food processing equipment.

Eggs So Clean Egg Washing Compound:

- Complies with the Federal Food, Drug and Cosmetic Act.
- Conforms to Food Safety and Inspection Service (FSIS)'s "**Sanitation Performance Standards Compliance Guide**"
- Is formulated with substances either considered GRAS or regulated for food associated use.
- Meets the profile of USDA's former "A1" "Compounds for use as general cleaning agents on all surfaces, or for use with steam or mechanical cleaning devices in all departments".

Before using Eggs So Clean Egg Washing Compound, food products and packaging materials must be removed from the area or carefully protected. After using this product, surfaces must be thoroughly rinsed with potable water. Carefully read and follow all statements on the labeling and Safety Data Sheet while using this product.
