

COMMERCIAL LAUNDRY PROGRAM

Laundry Made Simple™

When laundry is your business you don't have time to manage the hassles of production. You want to focus on growing your business and satisfying your customers with clean, fresh, well-laundered uniforms and linens. You expect a chemical supplier to provide you with products that protect linens throughout the wash process, maximizing the efficiency of your capital equipment while streamlining and centralizing the management process. Spartan Chemical's Commercial Laundry Program simplifies the hassles and headaches of day-to-day operations, making clean simple!

UNDERSTANDING YOUR CHALLENGES

HEALTHCARE • HOSPITALITY • INDUSTRIAL GARMENTS • FOOD & BEVERAGE

Spartan understands the challenges facing professional laundry facilities. Whether it's tackling tough stains from food and beverage linens or removing blood and bodily fluids in health care linens, we have the expertise to help you. Our commercial laundry program combines the right chemicals with a managed dispensing process that will help you get your linens stain-free and hygienically clean.

PROGRAM COMPONENTS

LIQUID FEED SYSTEM

Spartan's liquid feed systems are custom-configured to work with your equipment and linen needs. Save time and hassles with a single control point for your entire plant.

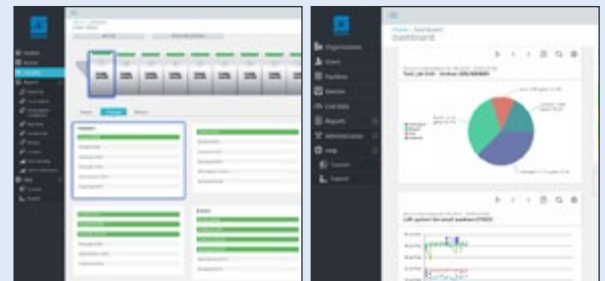

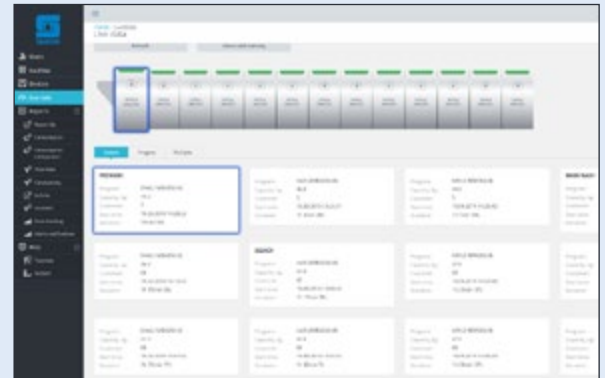

- Wi-Fi or cellular connected
- Custom-built to facility needs and specifications
- Designed for use with tunnel or washer/extractor equipment

PROCESS MANAGEMENT

Stay connected anytime, anywhere with a custom dashboard that enables you to modify and manage on-the-fly your linen program. Real-time and on-demand reports enable you to keep the pulse of facility operations.

- Facility management dashboard
- Web-enabled reporting and notifications

CHEMISTRY

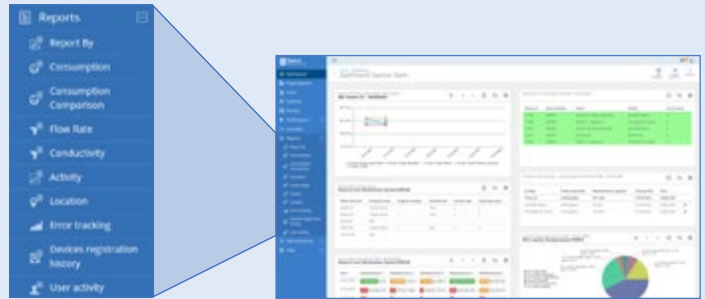

- No or low VOCs
- No phosphates, silicates, or harsh solvents
- No alkylphenol ethoxylates
- No nitrilotriacetic acid (NTA)
- No toxic or persistent components or byproducts
- No ozone-depleting chemicals

CUSTOM REPORTS AND NOTIFICATIONS

Web-enabled notifications keep you connected with your business. Ask us how we can save you time and money through our custom notification capabilities.

- Equipment malfunction
- Tunnel imbalance
- Low chemical
- Facility downtime

UNDERSTANDING YOUR APPLICATION

TRAINING & CERTIFICATION

Our certified laundry technician training program ensures that your facility is serviced by knowledgeable and helpful representatives. With an emphasis on continuing education, you can be sure that your service tech will be up to date on the latest technology and innovations for laundry plant management, providing valuable insight and recommendations to help you optimize plant operations.

DEDICATED LAUNDRY EXPERTISE

Spartan introduced our professional laundry care product line in 2007. Since then, we have been building application expertise and resources focused on helping laundry facilities reduce cost per pound through effective chemistry and facility management tools. Your dedicated Spartan Chemical representative has been trained on the equipment and software that will help streamline your operations.

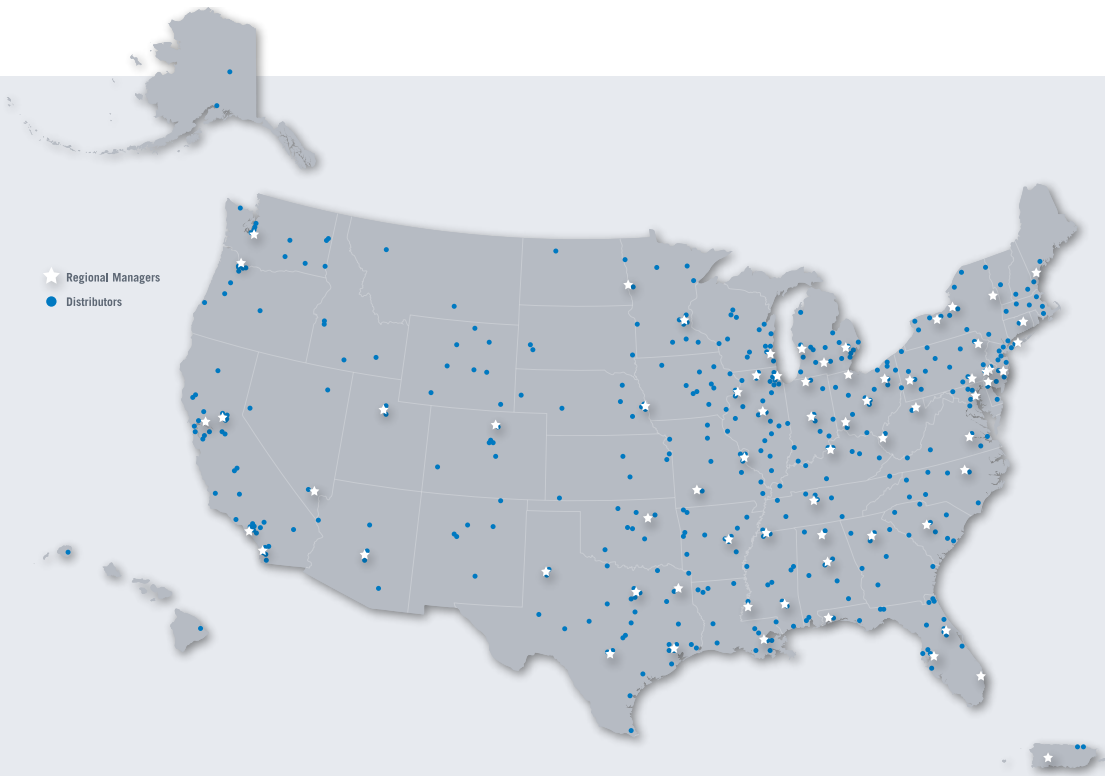

CONSISTENT QUALITY PRODUCTS

Located on a 135-acre campus in Maumee, Ohio, our 600,000ft² manufacturing facility is governed by our Precision Manufacturing Standard that targets zero defects and zero back-orders. In order to ensure that we can meet your supply and quality demands, we employ high-speed robotics and filling equipment, managed by quality assurance metrics throughout processing. We are constantly investing in the future to maintain our service levels and keep pace with your growing demands.

NATIONAL PRESENCE WITH A LOCAL FOCUS

While Spartan Chemical spans 5 continents, our most important location is the one nearest you. In the U.S. alone, we've assembled more than 500 strategically located distributor points, with Certified Laundry Technicians who, in turn, have the full attention of product, market, division, and senior management, plus more than 250 dedicated Spartan employees.

Spartan Chemical Company is a leading national brand manufacturer of superior and cost-effective specialty chemical products, including industrial cleaners, disinfectants, wipes, skin care, food processing, laundry care, warewash, floor care and commercial vehicle wash products. Highly focused on supporting the business objectives of owners and operators of industrial laundering facilities, Spartan offers high quality chemistry, dosing and facility management solutions that will help you increase your profits, delight your customers and consistently deliver clean, fresh linens in a cost-effective way.
